

For the school

“Light your life and seek for those who feed your flames.” (Rumi)

„Fit for School ”is a parenting, language and education program aimed at parents and their first-year children as well as at the educational institutions / organizations where the program takes place.

The parents receive support from dedicated parents' counselors, who are oriented to their life world and history, in order to be able to support their equally participating children in motor, cognitive and socio-emotional development. Through the informal and regular exchange in the group, parents learn which support measures they can use when transitioning from kindergarten to school.

Goals

- Strengthening the parenting and educational skills of the participating parents
- Strengthening the parent-child relationship
- Support in preparation for a successful school start
- Expansion of educational opportunities for the participating children
- Encouraging of multilingualism
- Strengthening the self-esteem of the participating parents and their children
- Increasing the social and intercultural skills of everyone involved
- Strengthening togetherness and social cohesion

Program offer

“Fit for school” takes place from October to June, once a week with 2 teaching units (50 minutes each), mainly in kindergartens, parent-child centers and in migrant organizations throughout Upper Austria.

The work of and with the parents is supported by the Fit for the school folder, which gives parents ideas for various activities with their children. The project represents an additional offer in the field of parent work and serves u. a. the intensification of communication between the kindergarten and the family.
